

POPITUP

The #1 Consultant Dashboard

Stay organized and save time

All the features a consultant needs to succeed

PopItUp is designed to help consultants stay organized and save time so they can spend time doing the things that matter most... whether that's selling more or selling the same in less time.

FACEBOOK SALES

Our integration with Facebook will save you hours uploading and deleting photos.

EVERYTHING IN ONE PLACE

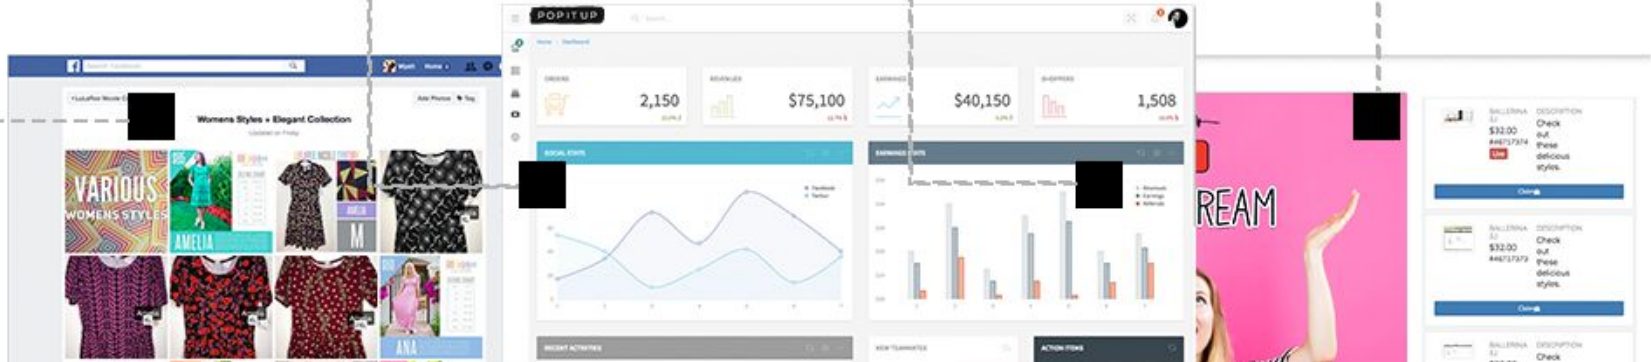

No more spreadsheets and folders, all of your inventory, orders, expenses, shipping labels, and photos in one place!

INVENTORY TRACKING

Track your entire inventory received, sold, invoiced, and shipped with easy drag and drop functionality.

LIVE STREAMING

Shoppers can claim items while your streaming so your not fumbling while your friends are watching

Technical support for consultants

- Consultants get the help they need when they need it most
- Email responses guaranteed within 24 hours during week and 48 hours over the weekend
- Online chat for real time troubleshooting and support
- Available 9am to 12am in all 4 US Time Zones

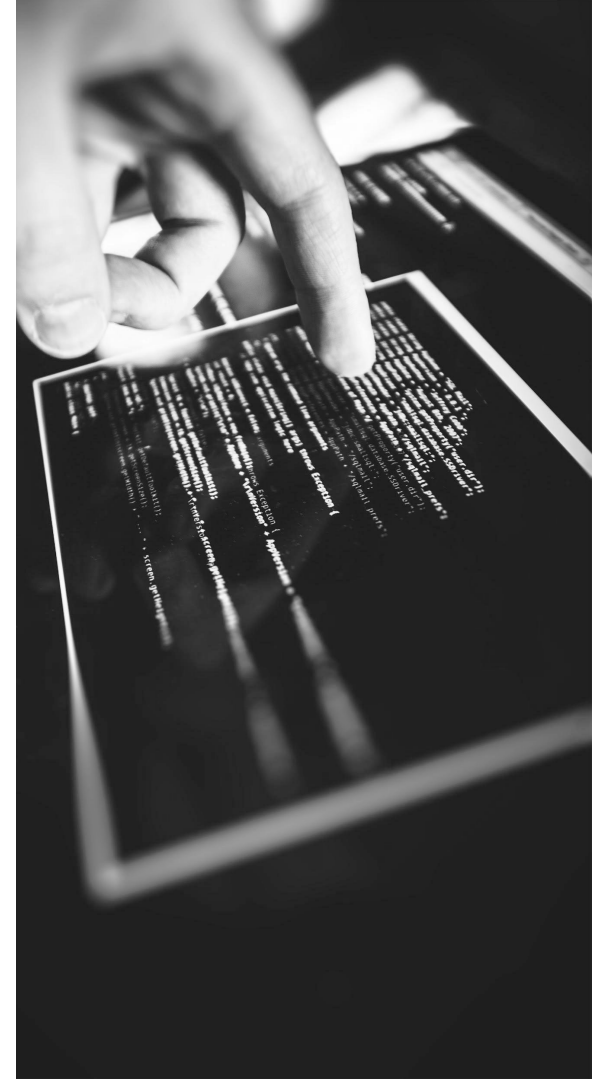

The easiest way for customers to buy

- One login to shop with many consultants
- Shipping and invoicing status emails
- Easy access to consultant contact information
- Account notifications for new items and live sales

API access to consultant data

- Track inventory levels to know which items are selling
- Detailed sales and fulfillment data providing real time insight into items claimed, invoiced, and shipped by consultants
- Automate data transfer so you spend less time pushing paper and more time pushing product
